A Message to Corporation Taxpayers

This booklet contains forms and instructions needed to complete your return. If you need tax help, refer to page 3 of this booklet for the telephone numbers to call.

We can process your tax return more efficiently if you will do the following:

- Use the Income Tax Forms in this booklet.
- 2. Complete all lines that apply to your corporation.
- 3. Attach all schedules and additional required information.
- 4. Have an authorized Corporate Officer Sign and date the return.
- 5. Attach any Arkansas approved extension, if applicable.

This year we made two changes on the Arkansas return to assist in filing and resolving tax questions.

- 1. We provided a check the box space at the top of the Arkansas AR1100CT return for those Corporations filing an automatic federal extension, form 7004. The Corporation will no longer be required to attach a copy of the federal form 7004 to the Arkansas return if the federal form 7004 has been properly filed and the box so indicating is checked on the Arkansas return.
- A Corporation may authorize us to discuss this tax year's return with its Tax Preparer by checking the "yes" box in the signature section on the back page of the Arkansas AR1100CT return.

The physical location for Corporation Income Tax Section has temporarily changed. However, the mailing address will remain P. O. Box 919, Little Rock, AR 72203-0919.

The temporary physical address is as follows:

IMPORTANT REMINDERS FOR 2000

- 1. Due to computerization it is absolutely essential that every applicable line and space on Form AR1100CT and related schedules be typed or printed including tax year, corporation name, address, city, state, zip code, telephone number, FEIN (Federal Employer Identification Number), date of incorporation, federal business code, date began business in Arkansas, and filing status (check one box only). If consolidated box 4 is checked, you must also indicate number of entities in Arkansas in the space immediately to the right of Filing Status 4 description. Consolidated filers must complete Form AR1100CT (with Schedule A if applicable) for each corporate entity and a separate Form AR1100CT for the consolidated group. If Filing Status 4 is checked, do not check any other box. The federal business code should be the same six-digit code used on the federal return.
- 2. Copy of Federal Return is required.

Arkansas Code Annotated (ACA) 26-51-806(d) requires a completed copy of the corporation's Federal Corporate Income Tax Return, Form 1120 or 1120S, including all schedules and documents, be attached to the Arkansas "C" Corporation Income Tax Return, Form AR1100CT.

- (A) If the dollar amounts are the same for both the Federal and Arkansas Return, enter dollar amounts on Lines 17, 30, and 32 through 45 of the Arkansas Return and attach a completed copy of the Federal Return.
- (B) If the dollar amounts for the Arkansas Return are **NOT** the same as the dollar amounts shown on the Federal Return, prepare an Arkansas reconciliation schedule for each line item, **Lines 7 through 16 and Lines 18 through 29**, that is different and attach that schedule or schedules between the Arkansas Return and the completed copy of the Federal Return. Enter dollar amount on the appropriate line or lines for which schedules are prepared and on Lines 17, 30, and 32 through 45.
- (C) Multistate corporations, including financial institutions, must complete Schedule A, page 2 of Arkansas Form AR1100CT and page 1 of Form AR1100CT, Lines 33 through 45. Multistate corporations must attach a schedule or schedules of any adjustments shown on Schedule A, page 2, of the Arkansas Form AR1100CT in part A2 and A3. A completed copy of the multistate corporation's Federal Return is also required to be attached to the Arkansas Return.

A copy of Federal Amended Return, Form 1120X, is also required to be filed with Arkansas Amended Return AR1100CTX.

3. Signature.

The return must be signed by a **corporate officer** in the space provided on the bottom of schedule A, page 2, of Form AR1100CT. (Refer to General Instructions, page 4).

4. The Arkansas Corporation Income Tax Return must be organized as follows:

Other than Filing Status 4 Filers:

- Arkansas Form AR1100CT (front).
 (Must be signed on page 2)
- Arkansas Form AR1100CT Schedule A, if applicable.
- Arkansas approved extension, if applicable.
- Business and Incentive Tax Credit Certificates, (originals), if any.
- All other Schedules pertaining to the Arkansas Return.
- Copy of Federal Return with supporting Schedules.

Filing Status 4 filers:

- Arkansas Form AR1100CT (page 1 only) for Group. (Must be signed on page 2)
- Arkansas Form AR1100CT for each entity (including parent) within the Group, and Schedule A, if applicable.
- Arkansas approved extension, if applicable.
- Business and Incentive Tax Credit Certificates, (originals), if any.
- All other Schedules pertaining to the Arkansas Return.
- Copy of Federal Return with supporting Schedules.
- 5. Corporations with Filing Status 2 must complete Schedule A (Apportionment Schedule).

All percentages used in determining the apportionment factor on Schedule A must be calculated to six (6) places to the right of the decimal (example 035.333452%).

6. Corporations with Filing Status 4 (Consolidated Return) must complete a separate AR1100CT and Schedule A, if applicable, for each member with gross income from sources within Arkansas and consolidate the applicable taxable income on a Consolidated Group AR1100CT and attach a copy of the Federal Return. Each member's Arkansas Business and Incentive Tax Credit may be combined to reduce the consolidated group's total tax liability without separate entity restrictions except for the Arkansas Economic Development Credit.

7. Estimated Tax Requirements.

ACA 26-51-911 through ACA 26-51-913 requires taxpayers to file an Estimated Declaration when their liability exceeds \$1,000 for tax years beginning on or after 01/01/99, or \$250 for tax years beginning before 01/01/99. ACA 26-19-106 provides that a corporation with an estimated quarterly income tax liability equal to or greater than twenty thousand dollars (\$20,000.00) must pay the estimated quarterly income tax due by electronic funds transfer (Refer to General Instructions, page 4).

Corporations that underestimate their corporate tax liability must calculate any penalty due as applicable, on Part 2 of Form AR2220, and enter the penalty amount on page 1, Line 44 of Form AR1100CT.

8. Privately Designed Tax Forms.

Computer generated substitute tax forms are not acceptable unless the computer generated form is approved (in advance of use) by the Manager of the Corporation Income Tax Section.

- 9. ACA 26-51-441 allows taxpayers to make a direct contribution to the United States Olympic Committee. Refer to page 13.
- 10. ACA 26-35-1101 allows taxpayers to make a direct contribution to the Arkansas Disaster Relief Income Tax Program. Refer to page 13.
- 11. ACA 26-18-306 requires a taxpayer to report Internal Revenue Service corrections by filing an Arkansas amended income tax return within thirty (30) days from the receipt of notice and/or demand for payment from the IRS.
- 12. For Business and Incentive Tax Credits, see pages 6, 7, and 8.
- ACA 26-51-1401 et seq. requires a multistate financial institution to report its Arkansas taxable income utilizing a three-factor apportionment. Refer to page 11.
- 14. ACA 26-51-709 requires that the sales factor of multistate corporations (except financial institutions) be doubled and the denominator of the Arkansas factor be four (4), effective tax years beginning on or after 01/01/95. Refer to page 9.
- 15. On September 4, 1997, the Arkansas Supreme Court denied petitions for rehearing in ACW, et al., v. Weiss (No. 96-894). This action finalized the June 1997 decision in which the Court ruled that the 6.5% tax rate imposed by Act 1052 of 1991 should only apply to that portion of net income exceeding \$100,000. The Department of Finance and Administration (DFA) had interpreted the 6.5% tax rate to apply to the total net income of corporations with Arkansas taxable income in excess of \$100,000.

DFA is accepting amended returns for applicable tax years in which the 6.5% tax rate was applied to all net income of the corporation. Therefore, if your corporation had net income exceeding \$100,000 and paid tax based on the 6.5% tax rate applied to all net income of the corporation for any tax year beginning on or after January 1, 1991, you may file an Arkansas amended return, form AR1100CTX, or verified claim for refund to claim a refund for the excess tax paid on the first \$100,000. Amended returns or verified claims for refund must be filed on or before five (5) years and three (3) months from the date the original return was due, including any extensions. For example, a calendar year filer's 1995 return was due on May 15, 1996, the amended return or verified claim for refund must be filed on or before August 15, 2001.

- 16. Enclose proper tax document with all remittance checks. Please write the FEIN on the check.
- 17. Act 1126 of 1999-Effective for tax years beginning on or after 01/01/99, permits a filing extension for taxpayers in areas declared a disaster by the President or Governor. No interest or penalty will accrue for the extension period granted by the director. It increases the minimum tax liability required before imposition of underestimate penalty from \$250 to \$1,000. It allows disclosure of tax information and collection activities to authorized persons.
- 18. 2000 Corporation Income Tax Booklet instructions and most of the commonly requested forms are now on the internet. 2000 State of Arkansas Domestic and Foreign Income Tax General Instructions

Who Must File

Every corporation organized or registered under the laws of this State, or having income from Arkansas sources as defined in ACA 26-51-205 (with the exception of those corporations exempted by ACA 26-51-303) must file an income tax return. Consolidated returns are permitted under certain conditions. D.I.S.C and F.S.C. corporations are treated as regular business corporations. Business corporations, D.I.S.C and F.S.C. corporations should use Arkansas Form AR1100CT. Small business (S) corporations with a valid Arkansas "S" election must use Form AR1100S. Financial institutions should use Form AR1100CT.

Consolidated Returns

All corporations that are eligible members of an affiliated group filing a Federal Consolidated Corporation Income Tax Return may elect to file an Arkansas Consolidated Income Tax Return. However, only corporations in the affiliated group that have gross income from sources within the State that is subject to Arkansas income tax are eligible to file consolidated income tax returns in Arkansas.

In computing Arkansas consolidated taxable income or loss to which the tax rate is applied, the separate net income or loss of each corporation that is entitled to be included in the affiliated group will be included in the consolidated net income or loss to the extent that its net income or loss is separately apportioned or allocated to Arkansas. All corporations in the affiliated group that are eligible to file an Arkansas Consolidated Corporation Income Tax Return must consent to, and join in, the filing of the return prior to the last day for filing. The filing of the consolidated return will be considered as consent of each eligible corporation in the affiliated group.

Corporations with Filing Status 4 (Consolidated Return) must complete a separate Form AR1100CT reflecting taxable income before inter-company eliminations and adjustments, and Schedule A, if multistate, for each member with gross income from sources within Arkansas. Each member's separate Form AR1100CT must be consolidated on a group Form AR1100CT which also reflects taxable income before inter-company eliminations and adjustments, and a complete copy of the Federal return must be attached. A schedule listing each inter-company elimination and adjustment, identifying the entity by FEIN to which it applies must be submitted if this information is not clearly shown on the Federal return.

Time and Place For Filing

AR1100CT Forms are due on or before the fifteenth (15th) day of the fifth (5th) month following the close of the Corporation's tax year. This includes short period returns. Forms must be filed with the:

Extensions of Time for Filing

If you have received an automatic Federal extension (Form 7004), the time for filing your Arkansas Corporation Income Tax Return shall be extended until the due date of your Federal Return. When filing the Arkansas AR1100CT, be sure to check the box at the top indicating that the Federal Extension Form 7004 has been filed and file the Arkansas return on or before the Federal due date. It is no longer necessary to include a copy of the Federal Form 7004. To request an initial Arkansas extension or an Arkansas extension beyond the Federal due date, complete and mail Arkansas Form AR1055, Request for Extension of Time for Filing Income Tax Returns, by the due date or, if applicable, the extended due date of the Arkansas return to the Corporation Income Tax Section. Arkansas extension(s) must be attached to the Arkansas income tax return. Interest at ten percent (10%) per annum is due on all returns (including those with extensions) if the tax is not paid by the original due date. Interest will be computed on a daily rate of .00027397. To avoid interest, any tax due payment must be made on or before the fifteenth (15th) day of the fifth (5th) month following the close of the Corporation's tax year. Attach Voucher 5 along with your check.

Period Covered

A taxpayer must calculate his Arkansas income tax liability using the same income year for Arkansas income tax purposes as used for Federal income tax purposes (ACA 26-51-402).

Signatures and Verification

The return shall be certified to by the President, Vice President, Treasurer, or other principal officer. The return of a foreign corporation having an agent in the State may be certified to by such agent. If receivers, trustees in bankruptcy, or assignees are operating the property or business of the corporation, such receivers, trustees, or assignees shall execute the return for such corporation under certification. The return must be signed in the space provided on the bottom of Schedule A, page 2 of AR1100CT. For consolidated returns, only the group Form AR1100CT must be signed.

Report of Change in Federal Taxable Income

An agreed Revenue Agent's Report (RAR) must be reported to this State within thirty (30) days after the receipt of the RAR or supplemental report reflecting correct net income of taxpayer. The RAR must be reported on amended return Form AR1100CTX. Any additional tax and interest must be paid or a refund requested if applicable. Statute of limitations will remain open for eight (8) years for assessment of tax if taxpayer fails to disclose Federal Revenue Agent's Report.

Filing Declaration of Estimated Income Tax

Every taxpayer who can reasonably expect to owe an Arkansas income tax in excess of \$1,000.00 for tax years beginning on or after 01/01/99 or \$250 for tax year beginning before 01/01/99 must make a declaration and timely pay the estimated tax in equal installments. The declaration shall be filed with the Commissioner on or before the fifteenth (15th) day of the fifth(5th) month of the income year of the taxpayer, except those taxpayers whose income from farming for the income year can reasonably be expected to amount to at least two-thirds (2/3) of the total gross income from all sources for the income year, may file such declaration and pay the estimated tax on or before the fifteenth (15th) day of the second (2nd) month after the close of the income year or in lieu of filing any declaration, may file an income tax return and pay the tax on or before the fifteenth (15th) day of the third (3rd) month after the close of the income year. To avoid penalty, all other taxpayers must pay quarterly estimates on or before the fifteenth (15th) day of the fifth (5th) month, sixth (6th) month, ninth (9th) month of the tax year, and first (1st) month after the close of the tax year.

If the Director determines that a corporation's estimated quarterly Arkansas income tax liability exceeds twenty thousand dollars (\$20,000), the corporation is required to pay the estimated quarterly income tax payments due by electronic funds transfer (EFT). The EFT must be made no later than the day before each quarterly due date. If the corporation timely pays the estimated quarterly income tax payments by EFT, the corporation is not required to file a quarterly estimated income tax voucher. The Director's determination will be based on the corporation's average quarterly liability for the preceding tax year. Each corporation participating in EFT payments must complete an Arkansas EFT-CT Authorization form upon the State's request.

Accounting Methods

A taxpayer must calculate his Arkansas income tax liability using the same accounting method for Arkansas income tax purposes as used for Federal income tax purposes.

If a corporation changes its accounting method, attach a copy of any certification or approval received from the Internal Revenue Service authorizing the change of accounting method to the corporation's Arkansas Return (ACA 26-51-401).

Payment of Taxes

The tax should be paid by attaching to the return a check or money order payable to the order of "Department of Finance & Administration." Write the corporation's FEIN number on the check.

Do not send cash by mail, nor pay in person, except at the:

Corporation Income Tax Section
Department of Finance and Administration
Aegon Building, Suite 400
501 Woodlane Street
Little Rock, AR 72201-1023

The tax is to be paid in full when return is filed.

Any part of any deficiency determined to be due to fraud shall be subject to a fifty percent (50%) penalty. Interest at the rate of ten percent (10%) per annum shall be assessed on all tax deficiencies.

- (B) For computing amount of NOL that will be allowed for carryforward purposes, there shall be added to gross income all non-taxable income, not required to be reported as gross income by law, less any related expenses which will otherwise be nondeductible. Multistate tax filers must follow above procedures and apportion NOL by the apportionment formula for year of loss, applying the Arkansas percentage factor for the year of loss against total apportionable loss for that year. Failure to provide (with the return) a complete schedule of net operating losses may result in disallowance of any NOL claimed. Carryback of NOL is not allowed. Contributions are not to be added to NOL and carried forward.

The project plant or facility's income tax liability is to be computed by adding the sales, payroll and property factors of the plant or facility and dividing the sum by three (3). This percentage is multiplied by the corporation's Arkansas income tax liability to arrive at the income tax credit available to offset the income tax liability arising from the project as referenced in the financial incentive plan. Form AR1100AEDA, Income Tax Apportionment Worksheet, may be used to compute the project apportionment percentage and available income tax credit. Specific Instructions

For Taxpayers with Income from Sources Within and Without the State

In general, taxpayers with income derived from activities both within and without the State are required to allocate and apportion the net income under the following provision.

Business and Nonbusiness Income Defined-ACA 26-51-701 (a) defined "Business Income" as income arising from transactions and activity in the regular course of the taxpayer's trade or business and includes income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's trade or business operations. In essence, all income which arises from the conduct of trade or business operations of a taxpayer is business income. Income of any type or class and from any source is business income if it arises from transactions and activity occurring in the regular course of a trade or business. In general, all transactions and activities of the taxpayer's economic enterprise as a whole constitute the taxpayer's trade or business and will be considered "Business Income", unless otherwise excluded by Arkansas law. Nonbusiness income means all income other than business income.

Unitary Determination of Intangible Income:

Interest, dividends [less than eighty percent (80%) directly owned], rents, royalties, and gains and losses from multistate corporations are apportionable to Arkansas if a unitary business relationship exists between the intangible income and the State of Arkansas.

The U.S. Supreme Court has identified certain factors of profitability such as functional integration, centralization of management, and economies of scale and summarized these factors in the use of the term "flow of value" to indicate the contribution made to the overall business enterprise.

Generally, a unitary business relationship will exist when an activity conducted in one state benefits and is benefited by an activity conducted in another state.

Arkansas will not accept returns filed on a unitary combined report basis.

Apportionment Formula:

For tax years beginning on or after 01/01/95 (for all multistate corporations except financial institutions, airlines, bus lines, truckers, and private railcar operators) business income is to be apportioned to this State by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor, plus double the sales factor, and the denominator of which is four (4). If a taxpayer does not have all four (4) factors, the denominator shall be the same as the number of entries other than zero that apply to the total (everywhere) amounts of the property, payroll and sales factors. When double weighted, the sales factor counts as two (2). For tax years beginning prior to 01/01/95, the single weighted sales factor must be used. Construction companies, pipelines, publishing companies, railroads, and TV and radio broadcasters must utilize the double weighted sales factor apportionment method with factor modifications. Requirements for apportionment formulas of the businesses listed in this paragraph (except for financial institutions) are contained in the Arkansas Corporation Income Tax Regulations which may be obtained from:

> Department of Finance and Administration Corporation Income Tax Section P. O. Box 919 Little Rock, AR 72203

or download from www.state.ar.us/dfa/

Property Factor:

The average value of real and tangible personal property owned by the taxpayer means the average of the original cost of the property at the beginning and ending of the tax period.

Property rented by the taxpayer is valued at eight (8) times the net annual rental rate.

Payroll Factor:

The payroll factor is a fraction, the numerator of which is the total amount paid in this State during the tax period by the taxpayer for compensation, and the denominator of which is the total compensation paid everywhere during the tax period.

Compensation is paid in this State if:

- (A) The individual's service is performed entirely within the State, or
- (B) The individual's service is performed both within and without the State, but the service performed without the State is incidental to the individual's service within the State, or
- (C) Some of the service is performed in the State, and
 - The base of operations or, if there is no base of operations, the place from which the service is directed or controlled, is in the State, or
 - (2) The base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this State.

Sales Factor:

The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this State during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period.

Sales of tangible personal property are in this State if:

- (A) The property is delivered or shipped to a purchaser, other than the United States Government, within this State regardless of the f.o.b. point or other conditions of the sale, or
- (B) The property is shipped from an office, store, warehouse, factory, or other place of storage in this State, and
 - (1) the purchaser is the United States Government, or
 - (2) the taxpayer is not taxable in the state of the purchaser.

Sales, other than sales of tangible personal property, are in this State if:

- (A) The income producing activity is performed in this State, or
- (B) The income producing activity is performed both within and without the State in which event the income allocable to this State shall be the percentage that is used in the formula for apportioning business income to this State.

Part B, Line 3.g. of Schedule A (the reverse side of AR1100CT) reflects the double weighting of the sales factor.

Allocated Income:

Partnership Income:

All partnership income from activities within the State shall be allocated to the State. Submit Arkansas K-1 [ACA 26-51-802 (b)].

Nonbusiness Income:

The following items of income to the extent that they do not constitute business income are to be allocated to this State.

1. Rents & Royalties:

- A) Net rents and royalties from real property located in this State.
- B) Net rents and royalties from tangible personal property.
 - 1) if and to the extent that the property is used in this State, or
 - in their entirety, if the commercial domicile is in this State and the taxpayer is not organized under the laws of or taxable in the state in which the property is utilized.

The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the State during the rental or royalty period in the taxable year; and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property is utilized in the state in which the property is located at the time the rental or royalty payer obtained possession.

2. Gains and Losses:

Gains and losses from sales of assets:

- A) Sales of real property located in this State.
- B) Sales of tangible personal property.
 - 1) The property had a situs in this State at the time of sale, or
 - 2) The taxpayer's commercial domicile is in this State, or
 - 3) The property has been included in depreciation which has been allocated to this State; in which event gains or losses on such sales shall be allocated on the percentage that is used in the formula for allocating income to this State.
- C) Sales of intangible personal property if the taxpayer's commercial domicile is in this State.

3. Interest and Dividends:

Interest and dividends if the taxpayer's commercial domicile is in this State

4. Patent and Copyright Royalties:

- A) If and to the extent that the patent or copyright is utilized by the taxpayer in this State, or
- B) If and to the extent that the patent or copyright is utilized by the taxpayer in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this State.

A copyright is utilized in a state to the extent that printing or other publications originate in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

Change of Method:

Prior Approval Required Before Deviation From the Allocation and Apportionment Method: If the allocation and apportionment provisions as set out above do not fairly represent the extent of the taxpayer's business activity in this State, the taxpayer may petition for, or the Commissioner of Revenue, Department of Finance and Administration may require, in respect to all or any part of the taxpayer's business activity, if reasonable:

- A) Separate accounting;
- B) The exclusion of any one or more factors; Page 10

- C) The inclusion of one or more additional factors which will fairly represent the taxpayer's business activity in this State, or
- D) The employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

To "petition for" shall mean a formal written request.

Apportionment of Intragroup Intangible Licensing Transactions:

Regulation 1996-3 was adopted by the Department of Finance and Administration on 08/08/96, and is effective for tax years beginning on or after 01/01/96. This Regulation replaces Revenue Policy Statement 1995-2 and clarifies the calculation method for determining the sales factor in apportioning business income received from intragroup intangible licensing transactions.

The Regulation will apply to taxpayers that meet the following characteristics:

- 1. The taxpayer is a passive intangible holding company;
- The taxpayer receives business income from intragroup intangible licensing transactions with one or more other members of the same group conducting business activity in Arkansas, and
- At least one of the other members of the same group from which the business income is received by the taxpayer is subject to the Arkansas Income Tax Act.

The sales factor for intragroup intangible licensing transactions is modified as follows:

- If the licensing agreement states a method of measuring the activity between the licensor and licensee, the numerator of the sales factor is the amount of the sales or receipts received as provided in the licensing agreement.
- If the licensing agreement does not state a method of measuring the activity between the licensor and licensee, the measuring activity will be based on one of the following:
 - a. If the licensee's activity generates sales or receipts, the numerator
 of the sales factor will be the percentage of sales in Arkansas
 compared to the licensee's total sales, or
 - If the licensee's activity does not generate sales or receipts, the numerator of the sales factor will be the percentage of units produced or cost of units produced in Arkansas compared to the licensee's total units produced or total cost of units produced, or
 - If neither of the above methods accurately represent the licensor's business activity in Arkansas, the licensor may petition for or the Director may require another method.
- If the licensing agreement states a method of measuring the activity between the licensor and licensee in addition to a specifically stated dollar amount, the numerator of the sales factor will be the stated measuring activity plus the stated dollar amount attributable to Arkansas.

This Regulation modifies the sales factor for intragroup intangible licensing transactions only, and business income from any other source should be apportioned in accordance with Arkansas Code of 1987 Annotated 26-51-

If a passive intangible holding company meets the above characteristics and the licensee elects to forego the intragroup intangible licensing transactions deduction, the passive intangible holding company will not be required to report the business income received from intragroup intangible licensing transactions for Arkansas income tax purposes. The licensee's election to forego the deduction will be binding unless the licensee and the passive intangible holding company submits a written petition to change the election to the Director, and the Director approves the change.

Small Business (S) Corporations

Qualifying corporations may elect to be treated as a "small business (S) corporation" for Arkansas income tax purposes. The election may be made only if the corporation meets all of the following requirements:

- It has no more than seventy-five (75) shareholders. A husband and a wife (and their estates) are treated as one shareholder for this requirement. All other persons are treated as separate shareholders.
- It must be a corporation organized or created under the laws of the United States or a state or territory or it is a similar association taxed as a corporation.
- Its shareholders are individuals, estates and certain trusts described in IRC 1361.
- 4) It has no nonresident alien shareholders.
- 5) It has only one class of stock.
- 6) It is not an ineligible corporation as defined in IRC 1361.

For an election to be valid, all persons who are shareholders of the corporation on the first day of the corporation's taxable year or on the day of election, whichever is later, must consent to such election. The Arkansas election form is AR1103. The election is to be filed within seventy-five (75) days of the beginning of the tax year. All shareholders are required to file Arkansas individual income tax returns. The annual income tax return of a small business corporation is to be submitted on Arkansas Form AR1100S.

This is not intended to recognize the right of a foreign financial institution to conduct any business in this State except to the extent and under the conditions permitted by any acts or any other now existing applicable laws of this State.

ACA 26-51-702 requires financial organizations having business income from business activity both within and without the State of Arkansas to apportion their net income.

ACA 26-51-426 adopted Internal Revenue Code Sections 582, 585, and 593 regarding bad debts of financial institutions.

ACA 26-51-1401 et seq. (effective for taxable years beginning on or after 01/01/96) adopted the Multistate Tax Commission regulation regarding apportionment and allocation of net income of financial institutions. It requires that a financial institution whose business activity is taxable both within and without this State to allocate and apportion its net income to this State. All business income, income which is includable in the apportionable income tax base, shall be apportioned to this State by multiplying such income by the apportionment percentage. The apportionment percentage is determined by adding the receipts factor, property factor, and payroll factor and dividing the sum by three (3).

Property Factor:

Generally, the property factor is a fraction, the numerator of which is the average value of real property and tangible personal property rented to the taxpayer that is located or used within this State during the taxable year, the average value of the taxpayer's real and tangible personal property owned that is located or used within this State during the taxable year, and the average value of the taxpayer's loans and credit card receivables that are located within this State during the taxable year, and the denominator of which is the average value of all such property located or used within and without this State during the taxable year. (Refer to ACA 26-51-1404).

Payroll Factor:

Generally, the payroll factor is a fraction, the numerator of which is the total amount paid in this State during the taxable year by the taxpayer for compensation and the denominator of which is the total compensation paid both within and without the State during the taxable year. The payroll factor shall include only that compensation which is included in the computation of the apportionable income tax base for the taxable year. (Refer to ACA 26-51-1405).

Receipts Factor:

Generally, the receipts factor is a fraction, the numerator of which is the receipts of the taxpayer in this State during the taxable year and the denominator of which is the receipts of the taxpayer within and without this State during the taxable year. The method of calculating receipts for purposes of the denominator is the same as the method used in determining receipts for purposes of the numerator. The receipts factor shall include only those receipts described herein which constitute the business income and are included in the computation of the apportionable income base for the taxable year. Financial institutions cannot double weight the receipts factor. (Refer to ACA 26-51-1403).
